Superintendent Munro welcomed everyone back and wished all a Happy New Year! During the summer break, District staff has had many opportunities for the professional development that support our students and learning environments. Some of these opportunities included: Multi-Tiered Systems of Support (MTSS) July 2018 Conference; Next Generation Science Standards (NGSS) Training TK-12; academic literacy training for our elementary teams at West Ed; mathematics professional development through College Preparatory Mathematics (CPM) or the Silicon Valley Mathematics Initiative (SVMI); Integrated English Language Development (ELD) training for the entire administrative team; Guided Language Acquisition Design (GLAD) training for secondary staff; professional development for counselors through the Santa Cruz County College Commitment (S4C) program or the American School Counselor Association Conference; the Advancement via Individual Determination (AVID) Conference; the Santa Cruz Instructional Leadership (SCIL) Team Training and 2018-19 Kickoff; the New Teacher Orientation; the site professional development day for all Certificated employees on Site and District goals; the 2nd Annual Classified Professional Development Day on August 21; the book titled "Opening Doors" by Trudy Arriaga for all Certificated Administrators. New student orientations for middle and high school students help students positively engage in their learning environments. Prudent fiscal management over the summer included moving the Central Office Staff to 133 Mission Street to capture significant savings on modernization costs at Soquel HS and continued study of the feasibility of workforce housing opportunities for SCCS staff. Communication and community partnership opportunities included: a meeting regarding the PCS Facilities Use Agreement (FUA); a meeting with County Superintendent elect Farris Sabbah; Superintendent Munro's membership on the Rotary Board; continued work on District Strategic Communications 2018-19; a scheduled visit to DeLaveaga ES by the county Inside Education committee in October 2018.

ITEMS of BUSINESS to be TRANSACTED and/or DISCUSSED

8.5.1.1. Staff Report: Suspension/Expulsion Process

Ms. Coito and Student Services Director O’Meara provided a three-year overview of suspension and expulsion data for Santa Cruz City Schools. SCCS follows the California Education Code in determining how best to respond to incidents where students create an unsafe environment for themselves or others. The Ed Code clarifies the offenses for which the district may suspend or expel and provides guidelines for suspending the expulsion order. As part of our Multi-Tiered Systems of Support framework, one of our four strategic focus areas as a District is School Connectedness. In our effort to reduce suspensions and expulsions overall, our goal is to establish effective support programs and increase interventions through a coordinated effort at each site that identifies students who are struggling. Moving forward, SCCS will continue to: use current practices; pursue further training; use data results as a basis for Professional Learning Communities to determine site and district goals; raise awareness and focused response to disproportionate student subgroup behavioral data results; interview students to identify perspectives and needs; visit ABC Unified School District with GSCFT leaders, building reps, principals and central office leaders; continue our focus on student connectedness.

Public Comment: GSCFT President Carlson noted that the District deserves great credit for hiring an additional Special Education Program Specialist to allow for work that is more comprehensive with students. 8.5.4.1. New Business: Renaming the Harbor High School Theater

Harbor High School Principal Runeare and Harbor High School Parent Cindy Arvenites reported to the Trustees regarding this matter. Drama teacher Cathy Warner retired in June 2018 after 37 years of service to Harbor High School. Students approached Principal Runeare with the proposal to name the Theater the Cathy Warner Theater in early May, 2018. Principal Runeare scheduled a meeting of the Facility Naming Committee. Research into the SCCS District and Harbor site records regarding the current name of the theater at Harbor (the Little Theater) was conducted and there was no discovery that the theater was named for a person or family named "Little." Instead, the Little Theater was named in accordance with the "Little Theater Movement" that included non-professional and semi-professional theater companies interested in staging new and/or untried plays. During her tenure at Harbor, Ms. Warner created a student-run program and her strong reputation and outstanding theater program influenced students to enroll at Harbor High from other schools in and out of the district. The Drama and Advanced Drama courses offered students an opportunity to participate in technical theater as well as acting. The courses developed into studio classes where students worked in a hands-on environment. Ms. Warner built a sustainable program where students write, practice, do technical work, and lead. In addition to the Theater program, Ms. Warner began the only dance program in the area in the 1990s--Escapades Dance Company. The Escapades program continues to be a showcase for students who are interested in performing outside of the theater productions and it has evolved into an extracurricular club where students learn and choreograph a diversity of dance styles. Ms. Warner has taught and motivated thousands of students during her years at Harbor High. Students have had to maintain their academic eligibility to be in the Harbor productions. Ms. Warner influenced students and adults to understand the deep value of this important opportunity we need to provide high school students. Long after her retirement, this naming will provide an opportunity to honor her 37 years of service and legacy at Harbor High. MSP (Perez-Granados/Tracy-Proulx) 6-0, the Board of Education approved the renaming of the Harbor High School Theater.

8.5.4.2. Discussion: Possible Items for Future Meeting Agendas

The Trustees would like to include a discussion of our Board Policy 7310 Naming of Facility at the January 23, 2019 Board Governance Session.
